

## AudioVault AVAir Instructions:

To stop the music after the current song is playing, click the **Auto Segue** button to turn it off. As long as the Auto Segue button remains bright yellow, the music will continue to play.

To play the next song, click the **Start** button.

To play a song from the Music category, click the Music Tab and click+drag the song into the Virtual Decks where you want it to play in the lineup. You can double-click any column to sort the tab.

*Note: In order to stream audio legally, Title and Artist must be displayed. All WVFI audio must be played from AVAir.*
