

Instructions for manually entering metadata Title and Artist:

When you play a song not through AVAir, you can type in the title and artist.
Click nowplaying.txt shortcut on the WVFI AIR Desktop. Notepad will open nowplaying.txt.

If Windows Explorer, shows Network, click OSASAOWVFIENC, User, wvfiencoder, My Documents, nowplaying.txt.

If asked for a Login, use: wvfiencoder
If asked for a Password, use: 200LaFortune.

Change the Title and Artist and click Save.

When resuming AVAIR, close Notepad.

Any questions, please ask.
